CONFIDENCE GAINING EXPERIENCE

Since the start of 2021 I had acquired an interest towards the cosmetic Industry. With my mothers guidance I learnt the art of soap making. I invested Rs. 10,000 and took the initiative to start a small business via online . I have created different kinds of soaps which have no harmful chemicals unlike mass produced store bought soaps. Until now i have gained a profit of Rs. 20,000. This project helped me gain a lot of confidence and I wish to continue it along with my studies.
