

CHIRANTON BISWAS

ADVOCATE

Profile

I am a technology lover, thus I know quite a bit about computer hardware, software and networking from sheer interest. And for such, I have chosen Intellectual Property Rights for LLM course. I have also completed a Certificate Course on Cyber Law - its technological advancements, and copyright issues in current digital world, types of cyber fraud, and their legal remedies, etc. I am also a very quick learner and I think I will be quite a valuable add-on to this Organization. I did 2 months Internship at Usha Martin Pvt. Ltd. where I was introduced to Company Law, Intellectual Property Law, Copyright Infringement, Trademark Law, MSME, Labor Laws, Maritime Laws, etc. I am also Exceptionally good in Legal Research.
