Profile

Recent graduate of University of New Hampshire Franklin Pierce School of Law, Concord, New Hampshire with an LL.M in Intellectual Property. Throughout law school, I interned in a variety of fields, including intellectual property laws, civil and criminal law, and immigration law. I proactively participated in various negotiation meetings and maintained all clients' legal documents. My experiences have allowed me to discover my interest in intellectual property laws while also getting my hands dirty with drafting work like memorandums, cease and desist letters, and arguments. These internships have also assisted me in becoming acquainted with online research tools and made me possess the necessary skills and experience to work in a law office.
