To
The HR Team,

I have completed BA LLB from Heritage Law College from Calcutta University with first class (71% marks).

In the past, I have interned at the Calcutta High Court practicing lawyer Kaushik Gupta which was a great experience. I was given the opportunity to understand the structure dynamics of the Indian Legal system in great detail with special focus to the fields of Laws relating to Family Disputes, Tort Law, Law of Crimes, Contractual Law the Constitution and its Administration, Banking Laws and most importantly Company Law.

In my eighth semester, I graduated my interest in Corporate Law as it provides a universal prerogative unlike the other laws with specific jurisdictional limitations. I would be very fortunate to have a practical experience in the corporate firm of yours.

Growing up in India has shown me how I do not have to help people survive with my profession, when I can help us live as I have learnt. This country has helped me grow as a person to a great extent. India stands for power and creation in my eyes. It would be an honor to work towards the betterment of the society and be an Educated Indian, not just a Literate Indian.

Additionally, having interned with NGOs such as Chamelia Helpdia Charitable Trust where I had the amazing support and worked as a fundraiser.

Working at your firm would be an extremely insightful journey as well as provide a zealous opportunity to sophisticate my abilities and proficiency. I have attached herewith, my resumé for your convenience and am looking forward to being a part of your organization.

Warm Regards,
Ryan Maitra.
