Profile

SUMMARY

I am an adaptable Computer Science Engineer along with LLB degree. I have been actively involved in the prosecution of patent applications and conducting searches on various patent databases and non-patent databases such as Derwent Innovation, Orbit, Google Patents, and other free databases. Additionally, I engage with the business development team for client pitching and conducting IP-related training programs for inventors.

SKILLS

I have experience in patent prosecution, including responding to First Examination Reports (FER) and Office Actions (OA) for US prosecutions. My skills also includes conducting prior art searches, Freedom to Operate (FTO) searches, and landscape analyses. I am adept at handling client interactions and leading ideation processes to foster innovation. Along with this, my IP analysis include trademark searches and filings, as well as managing trade secrets.

Education and Licenses

B.Tech + LLB: Computer Science and IPR & Cyber laws   **Sep 2017 - Jun 2023**
University of Petroleum & Energy Studies, Dehradun

Advocate   **Sep 2023 - Present**
Bar Council of UP

Employment

Patent Associate   **Feb 2024 - Present**
Hourglass Research, Bengaluru, India
- Engaged in **responding to Office Actions** (both final and non-final).
- Performing **responses to First Examination Reports** (FER) for Indian prosecution cases.
- Conducting patentability searches, invalidity searches, FTO searches.
- Providing training to employees on effectively performing searches.

Patent Associate   **Jan 2023 - Feb 2024**
LexOrbis Consulting Firm, Delhi
- Conducted **Prior Art searches**, making extensive searching reports, and conducting **Freedom to Operate.**
- Performed **Landscape Analysis** and doing claim chart analysis.
- Received training on Response to FER, and drafting provisional specifications.

Patent Trainee   **Feb 2021 - Aug 2021**
Samsung Research Institute, Noida
- Conducted prior art searches related to the computer science domain.
- Attended client meetings for discussing the patentability area and white spaces available.
- Received training related to Patent Landscaping analysis.
