INTERSHIPS

I. Legal Internship under **Hon'ble Justice Harish Tandon** at **Calcutta High Court, Kolkata**

(10th June 2024 – 9th July 2024)

- Conducted in-depth legal research on various legal topics including Juvenile Justice, Employment disputes, etc and drafted petitions, affidavits, and other court documents for the purpose of commercial proceedings
- Attended daily court hearings amounting to 16/day and gained valuable insights into the judicial process, including the role of judges, lawyers, and litigants
- Contributed to the preparation of 7 judgments and around 70 orders by summarizing arguments, analysing evidence, and applying relevant legal principles in cases related to post poll violence, NEET scam, Recruitment scam among others
- Attended events organised by Calcutta High Court which was addressed by Hon'ble CJI DY Chandrachud & gained valuable insights about need professionalism for among lawyers and came to know what challenges Judges face on day-to-day basis
- Attended 4th HR Khanna Symposium for which Calcutta High Court was one of the partners, which led me to gain in-depth knowledge about our great Constitution, it gave me idea about contours of basic structure doctrine and how court as a body institutionalised responsible sovereignty

II. Internship under **Dr. Mithilesh Kumar Jha**, **IIT, Guwahati** on **Environmental Law, and Public Policy**

(April 2024- May 2024)

- Analysis of 2020 EIA Notification and how Ex Post Facto Clearance acts as a hinderance to public participation: I researched and summarized key court judgments on cases challenging ex post facto clearances. I identified patterns in judicial rulings and analyzed how these decisions have shaped the legal framework for public participation in environmental decision-making
- I drafted a policy brief proposing amendments to the EIA Notification that would: (a) explicitly prohibit ex post facto clearances; (b) strengthen public hearing procedures by requiring mandatory public consultations at key stages of project development; and (c) establish an independent Environmental Impact Assessment Authority to oversee the entire EIA process
- Drafted policy documents for India's future roadmap with regards to Climate Action and Wildlife Projects like Project Cheetah: For Project Cheetah, I developed a policy brief on long-term genetic management. This included recommendations for: (a) establishing a robust monitoring program to track cheetah populations and genetic diversity; (b) implementing measures to minimize inbreeding, such as captive breeding programs and potential reintroductions from other source populations; and (c) conducting ongoing research to understand the ecological and social impacts of the reintroduction program

III. Internship at **Ordnance Factory, Dum Dum, Kolkata, 700028, Government of India Enterprise, Ministry of Defense (A unit of Yantra India Limited)**

(10th July 2023- 5th August 2023)

- Helped draft non-disclosure agreement for the purpose of buyer-seller agreement so that interest of the organisation and sensitive information is not compromised by any means
- Made company profile for the purpose of ascertaining whether the factory has been functioning in better manner after it being brought under the PSU, Yantra India which itself was formed after restructuring and corporatisation of erstwhile OFB, in other words the larger impact of such change
- Prepared employee profile to provide the organization with information about performance of employees
- Drafted product profile and machine profile by visiting each facility of the factory and gaining insights from unit heads.
- Also, learned about other aspects related to quality compliance, marketing management and helped apply new age marketing techniques in niche sector like defence

IV. Legal Internship under Advocate Attar Singh Panwar, Advocate Punjab and Haryana High

(May 2023 -June 2023)

- Understood the nuances related to litigation and court procedures
- Conducted research on relevant case laws, precedents, and statutes related to ongoing cases. & analysed legal provisions and judicial interpretations in specific matters
- Assisted in drafting legal documents such as petitions, writs, appeals, affidavits, and rejoinders & prepared legal notices and responses under the advocate's supervision
- Read case files and summarized the facts, legal issues, and arguments & preparing case briefs to help the advocate during court proceedings

V. Internship at Maslandapur 1 No. Gram Panchayat, under Panchayat Pradhan

(April 2022- May 2022)

- Worked to understand the rural governance and administration scenario and did detailed analysis of state government welfare scheme. Helped in the implementation of MGNREGA & assisted in overseeing MGNREGA works to ensure they were executed according to the prescribed guidelines, ensuring projects like road construction, water conservation, and irrigation works were completed efficiently
- Facilitated the recording of job cards, attendance, and wages, ensuring that all payments were made through proper channels and on time. Assisted in conducting social audits to prevent corruption or fund mismanagement. Engaged in local awareness campaigns
- Contributed to the creation of project proposals for rural development schemes, including water management, sanitation, and rural road construction. Assisted in assessing feasibility, budgeting, and coordination with local officials. This helped secure necessary funding and approval for community development projects, promoting sustainable infrastructure growth in the village
- Organized and participated in campaigns to raise awareness about government schemes related to agriculture, education, and health among rural residents. Conducted legal literacy workshops focused on the rights and entitlements of citizens. It Empowered the local population by ensuring they understood their rights and could access available benefits, promoting transparency and accountability
