Cover Letter

Dear Sir/Madam,

Currently I am a 2nd year law student and pursuing for LLB degree at RGSOIPL [Rajiv Gandhi School of Intellectual Property Law] at IIT Kharagpur.

I am enthusiastic about combining my legal education in the dynamic fields like finance, engineering, research, basic accounting, audit, etc. Hence, I am writing to express my strong interest for a **summer internship position** at your esteemed company.

I also worked in software industry for over sixteen years of experience in various fields or domains of software engineering industry, where my focus areas were set in problem-solving, analytical thinking, and project management.

Enclosed with this letter is my brief resume, which provides further information about my academic and professional credentials. I am excited about the opportunity to contribute and to learn at your company. I am confident that my horizontal skills align with business dynamics.

Thank you for considering my application. I look forward to the possibility of discussing how my skills, experiences and interests would align with the goals of your esteemed company in greater detail.

Date: 14th April, 2025   Sincerely,

Place: IIT (KGP)   Debdas Dey
